

Bloki: h=15cm,
L=1,0m

B=15cm	ciężar 30 kg
B=28,6 cm	ciężar 50 kg
B=38,2 cm	ciężar 70 kg
B=49,8 cm	ciężar 90 kg

Diagram illustrating the dimensions and weights of the blocks used in the experiment. The blocks are arranged in a row, showing their increasing width (B) and weight (ciężar) from left to right. The height (h) of all blocks is 15 cm, and the length (L) is 1.0 m.
